

K-Love is a very big part of my family. We listen to it all the time, during the day and at night as well. It help keep us uplifted and encouraged as we go through our day. I hear it in the banks I go into and other business as well. It is a part of our daily lives that we depend on and we do not wish to be with out it.

I feel the effect on our local community would not be good if it was displaced by an LPFM broadcaster. K-love has GREAT FAMILY programing that I don't have to worry about when my kids listen to it as well. As opposed to all the other junk that is out there on the air waves. I don't think it is fair to replace the current translator services with something new as the are already there and have been there for a long time. Plus we know and Love what we already have and don't want to take a chance on getting something that is not good for our family's.

I believe that the service provided by K-LOVE is in the public interest becasse it promotes family values, it is very up lifting and encourageing to everyone who listens to it. It brings the community together for good causes, such as helping feed the hungry and homeless amoung other things.

DON'T TAKE OUR RADIO STATION AWAY FROM US. KEEP K-LOVE ON THE AIR !!
